Start Date: 19th July 2025

Your role at the placement: Python Developer Intern

Brief description of your work at the placement:

I am currently working in Skills Up Global Pvt. Ltd. as an intern Python Developer where I collaborate on AI, Machine Learning based projects working on development using Python handling and

fusion of data. I also took part in conducting Python, AI and ML training programs to the high school level students as part of a company that initiated a bootcamp program endorsed in partnership with the Lalitpur Metropolitan City during my internship. This combination of outreach through education and the development process has enabled me to develop technical and communication skills and offered me the ability to make a positive contribution to the company in reference to its technology and training outcomes.

Proposed learning outcomes from the Career-Development Learning Activity:

Learning Outcome ID	Learning Outcomes	Activities and Tasks	Evidence
LO1	Public Speaking	I have delivered engaging Python, AI, and ML bootcamp training to students at high schools.	I will provide a summarized photograph of the session.
LO2	Mentoring & Coaching	I have guided students during bootcamps and tried to explain complex concepts to them in simple ways.	I will provide a summarized photograph/ visual of the session.
LO3	Team Collaboration	I have worked on group projects, participated in team building projects, and contributed to collaborative problem-solving.	I will provide a photograph/ video of the group task. I did it with my team.
LO4	Problem-Solving	I have analyzed coding bugs and addressed real-time training challenges. Solved different bugs and got comfortable while solving students' error.	I will provide a screenshot of the problems I faced while building a project and will try to provide photographs of problems I faced during bootcamp.
LO5	Workshop Facilitation	I have experienced hosting bootcamp sessions in a structured yet engaging way.	I will provide session agendas or planning sheets of bootcamp.
LO6	Creativity and Innovation	I have designed engaging learning activities, build unique Python utilities or automation tools.	I will provide a link to the repository of GitHub project.
LO7	Python Programming	I have built AI/ML modules, automated tasks, and wrote clean, reusable code.	I will provide a link of the repository of GitHub and will try to provide documentation of project if possible.
LO8	Machine Learning Implementation	I have applied supervised and unsupervised ML algorithms using libraries like scikit-learn.	I will provide. ipynb notebooks copy or result screenshots.
LO9	Packaging File	I have practiced packaging the projects after completion using pyinstaller.	I will provide a few exe files of projects that I did individually.
LO10	Version Control	I have kept some of my projects in my GitHub account and have managed files.	I will provide a repository link for my project to track my commit history.
LO11	Testing & Debugging	I got a habit of testing the code after completion of each project and fixing the bugs if any.	I will provide a few screenshots of bugs I got while testing and the process of debugging.
